[Forest to Tap 2026](#)

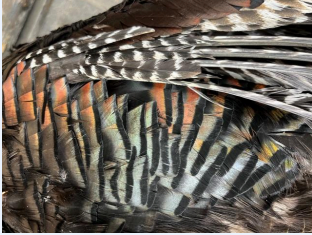

Forest to Tap celebrated Arbor Day with a tree seedling giveaway at 8 partner breweries in Northern Minnesota this spring, sending 2,500 red pine seedlings to happy homes for planting. Forest to Tap is a partnership program focused on providing information about how good forest management practices provide clean water by reaching targeted audiences through local community breweries. Many thanks to Minnesota Power for donating the trees, and to the breweries and volunteers for their hard work bringing the event together!

In and About the Woods!

Each month, Dovetail team members are invited to share what they are seeing, doing, or experiencing in and around the woods, from personal land to public green spaces and places they visit. Photos are always welcome, and the newsletter will feature a few highlights to celebrate the ever changing forest and the many ways people can engage with it.
